thinkSRSD in 2022-23, now	GI 3. 44./	01 3. 47.73	+5 (may be migner)
all use it)			
Grade 3 (School digger '22)			

All schools received initial PD of 10 hours plus follow up support over the year of 5-10 hours (partially from thinkSRSD and partially in house dedicated time). Following 2020, data collected is reported from schools using our Hybrid model with 7 hours of PD time or more).

If schools took a different test from year to year, scores are not recorded (ie moving to parcc from mcas).

National Department of Education (IES-Institute for Educational Science) Endorses SRSD in <u>Research Summary Report</u>
National Center for Intensive <u>Interventions Clearinghouse</u> endorses SRSD
